Annexure - 2 to the Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Acrow India Limited ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

NOTES FORMING PART OF FINANCIAL STATEMENTS

Note 1:

Significant Accounting Policies:

Basis of Accounting:

The financial statements are prepared in accordance with generally accepted accounting principles in India. The financial statements have been prepared in all material respects in accordance with the accounting standards as specified under section 133 of the Companies Act 2013 read with Rule 7 of the Companies (Accounts) rules, 2014 and Companies (Accounting Standards) Amended Rules, 2016. Financial statements are prepared on historical cost basis and as a going concern. The Company follows the mercantile system of accounting and recognizes income and expenditure on accrual basis. The accounting policies adopted in the preparation of financial statements are consistent with those of previous year.

Use of Estimates:

The preparation of financial statements requires management to make certain estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. Differences between actual results and estimates are recognized in the period in which they materialize.

Property, Plant & Equipment:

Property, Plant & Equipment is stated at cost less accumulated depreciation. The cost of assets comprises of purchase price and directly attributable cost of bringing the assets to working condition for its intended use including borrowing cost and incidental expenditure during construction incurred up to the date of commissioning.

Depreciation:

- i. Depreciation is charged in the Accounts in accordance with the useful life specified in the Schedule II of the Companies Act 2013.
- ii. Depreciation in respect of each individual item of asset costing up to Rs 5000/- is provided @ 100% in the year of purchase.
- iii. Software is amortized over 3 years from the date of implementation.

Investments:

Long Term Investments are valued at costs. Provision for diminution in value of investments is made if, in the opinion of the management, the diminution is of a permanent nature.

Current Investments are valued at lower of cost or fair value.

Inventories:

Raw materials, Finished goods and Work in progress are valued at lower of cost or net realizable value. Cost is determined on a weighted average basis. Stores & Spare parts are carried at cost, less provision for obsolescence, if any.

Revenue Recognition:

- i. Sales are recognized at the time of transfer of title in goods. Sales value is inclusive of excise duty but exclusive of sales tax.
- ii. Services are net of service tax. Revenue from services is recognized when services are rendered and related costs are incurred.
- iii. Interest Income is recognized on time proportion basis.
- iv. Dividend Income is recognized, at the time when they are declared.

Foreign Currency Transaction:

- i. Foreign currency transactions are accounted at the rates prevailing on the date of transaction.
- ii. Monetary Assets and Liabilities denominated in foreign currencies are translated at the exchange rate prevailing on the Balance Sheet date. Any gains or losses arising due to exchange differences at the time of translation or settlement are accounted for in the Profit and Loss Account.

Employee Benefits:

- i. **Defined Contribution Plan:** Retirement benefits in the Provident Fund, Family Pension Fund and Superannuation scheme, which are defined contribution schemes, are charged to Profit and Loss Account.
- ii. **Defined Benefit Plan:** The Liability for Gratuity, a defined benefit obligation, is accrued and provided for on the basis of actuarial valuation as at the Balance Sheet date.
- iii. **Other Long term benefits:** Long term compensated absences are provided on the basis of an actuarial valuation as at the Balance Sheet date. Actuarial gains and losses comprising of adjustment and the effects of changes in actuarial assumptions are recognized in the Profit and Loss Account for the year as income or expense.

Taxation:

Provision for current tax is made after taking into consideration benefits admissible under the provisions of Income Tax Act, 1961. Deferred Tax resulting from "timing difference" between book and taxable profit is accounted for using the tax rates and laws that have been enacted or substantively enacted as on the Balance Sheet date. The deferred tax asset is recognized and carried forward only to the extent there is reasonable certainty / virtual certainty as the case may be, that the asset will be realized against future taxable profits.

Impairment of Assets:

At each Balance sheet date, the management reviews the carrying amount of its assets and goodwill included in each Cash generating Unit to determine whether there is any indication that those assets were impaired. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of impairment loss. Recoverable amount of an asset is the higher of an asset's net selling price and value in use. In assessing value in use, the estimated future cash flows from the continuing use of the asset and from its disposal are discounted to their present value using a pre-tax discount rate that reflects the current market assessments of time value and the risks specific to the asset. Reversal of impairment loss is recognized immediately as income in the profit and loss account.

Operating Lease Granted:

Lease arrangements where the risk and rewards incident to the ownership of an asset substantially vest with the lessor, are recognized as operating lease. Lease rentals under operating lease are recognized in profit and loss account on a straight-line basis.

Accounting for Provisions, Contingent Liabilities and Contingent Assets:

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are not recognized but are disclosed in the Notes to Accounts. Contingent assets are neither recognized nor disclosed in the financial statements.
